

Judith Perritano to Present at DRI Defense Lawyers Asbestos Symposium

Judith A. Perritano is presenting at DRI's Defense Lawyers Asbestos Symposium on November 7, 2018 in Austin, TX. The Defense Lawyers Asbestos Symposium is a unique, exceptionally insightful "defense-only" seminar, where defense attorneys and clients share meaningful lessons from the past year.

"Defense Strategies in a Post-OSHA Gasket and Packing Case"

This presentation will discuss the challenges presented by exposures in the 1970s and 1980s and consider ways to defend gasket and packing exposures when insulation exposures are greatly reduced or eliminated.
