

Pierce Davis & Perritano Makes Holiday Season a Little Brighter for 82 Massachusetts Children

December 13, 2018-Boston, Massachusetts

Each year Pierce Davis & Perritano LLP participates in an annual Toy Drive organized through the Massachusetts Department of Children and Families (DCF). The toy drive makes the holiday season a little brighter for children living in foster care, state-run residential facilities and impoverished homes in Massachusetts. Employees, as well as their family members and friends, who elect to participate in the program receive a child's name along with a wish list for toys, clothes, activities, athletic equipment, books or games that they may want for the holiday. We are honored to be able to help fulfill the wishes of these very deserving children.

In our largest season of giving so far, the firm sponsored 82 children, surpassing last season's donations to 80 children.

Thank you to everyone who participated in this year's Toy Drive, and a special thanks to Melissa M. Malloy for spearheading the program at PDP for a 3rd consecutive year.
